## The Intranets Newsletter

### Strategies, Tips, and Tools

The **INTRANETS** newsletter covers the strategies, tips, and tools required to help organizations develop, deploy, and manage intranets, extranets, portals, and other knowledge and information management initiatives. We recognize that the role of managing intranets cannot be limited to a single job title, so **INTRANETS** is written in a lively and accessible style for the broad range of professionals called upon today to participate in successful intranet deployments—from decision-making executives, department managers, and information professionals to content engineers, CIOs, and IT and Web professionals. If all or part of your job is working on an intranet, then **INTRANETS** is required reading for doing that job well.

### each issue of **INTRANETS** includes:

- **Feature Articles** offering case studies and other in-depth analysis of intranet, extranet, portal, or other KM initiatives, strategies, and tools
- **Columns** written by a worldwide group of consultants who offer hands-on insight
- **Recommended Reading** both digital and print
- **News and Tools** to help you get the job done
